The Art of Entertainment

There is an art to entertaining. To create a memorable wedding celebration, you need quality entertainment. Most events I do start with some common elements: guests, music and the client's desire for the event to be successful. It's the inspiration in the execution and preparation before the event that distinguishes me from the ordinary.

While others may do events by number, I make each event an original, a unique reflection of my client. I take inspiration from your dreams and desires. I do not ask you to follow someone else's format because I will thrive in yours.

Kristen and Steve, The Glastonbury Hills Country Club, Glastonbury, CT

Now that the dust has settled, we wanted to thank you for playing at our wedding reception. We had a wonderful time, as did our guests, and we know that is in a very large part to you. Thank you also for your guidance before and during the reception. We really appreciate the job you did and how easy you made everything for us.

Patty Sidlovsky, The Farmington Club, Farmington, CT

We were extremely satisfied with the music, and you personally, at our daughter's wedding! Joanne and Josh had their own ideas on what they wanted and they were very pleased with your handling of their taste and music. Al was thrilled with the polkas and I danced every dance!! Thanks so much. We'll see you at the LeBlond wedding, if not sooner.

Amy and Bryan, The Aqua Turf Club, Plantsville, CT

Thank you so much for the wonderful job that you did at our reception. Our biggest fear going into the wedding was that no one would dance due to the size of the dance floor. We should never have doubted it because you had everyone dancing all night long. Once the first song played and you got everyone got up, my mind was at ease and the rest of the reception was care-free and so much fun.

You have a wonderful talent and you are a true pleasure to work with. We would love to serve as a reference anytime and hopefully we will have an occasion in the future where you can be our D.J. Thank you again for everything!

Signature Service

My signature is my service. I ensure the only surprise for my clients is who catches the bouquet. I am well versed in wedding etiquette and the special traditions of many cultures. Your designs are met to perfection. I have also created ways to include your guests in the celebration.

With your permission, request forms with music they would like can be included in the reception's play list. Special dedications may be made and if you have someone that is musically inclined, we can incorporate them in the festivities.
